The Mason Line

by Chen Mason

For a truly great authentic saga of the Marine Corps be sure to see "Uncommon Valor" on TV every week for 25 weeks. We've seen "Victory at Sea," at least twice in its entirety and in our opinion this is as magnificent in its way as the pictorial history of our Navy.

—M.L.—
The dauntless courage and bravery of the thousands of our young men points up the fact, we think, of the carelessness with which we adults must handle the juvenile delinquency problem. Certainly, we must not ignore the existence of the problem but just as surely we must always keep in mind the small percentage of the total juvenile population that can be classified as delinquent. (Around two per cent, we understand.)

It was our good fortune a couple of years ago to witness first hand, democracy in action in one of our local high schools. Patterned after our own national government, the students even elected out punishment in guilty classmates who were hauled into court. The punishment in most cases, was far more severe and with much more telling effect than officials themselves would have administered.

It could be that we're missing a lot in not selecting a sort of juvenile grand jury which would listen to cases that come before our juvenile courts and probation officials. Their recommendations as to the proper disposition of these cases might prove most valuable.

—M.L.—
We wonder for instance, what would happen if high school clubs such as the H-Y and Key Club were asked to include in their membership a lad who was headed in the wrong direction. (Paroled to them, in other words.) Might surprise us as to the result. Recognition and belonging is rather momentous in the lives of young people—old people, too, for that matter.

—M.L.—
It's a big subject and calls for some pretty clear thinking but we just don't buy the idea that it can't be licked. Besides, it's bringing undesired criticism on all our young people. May we say again, see "Uncommon Valor." The Chosen Reservoir retreat, Goodwin's Tavern, etc., and we'll thank your lucky stars, and we did, that we have these fuzzy-headed youngsters to straighten out the messes we smart adults get ourselves in.

—M.L.—
Want to read a good honest report on our schools? Get a copy of Harper's Magazine, September, 1955. "Public Schools are Better Than You Think," by Sloan Wilson.

—M.L.—
Yep, Max, we agree with last week's "Dimmer View" that our Civil Defense setup is a pretty confused mess. But we must add our two cents' worth.

—M.L.—
Aren't we all spending too much time in trying to devise a workable evacuation plan in case of a sneak attack? Brother, there's a second Pearl Harbor as to the progress our intelligence department, Strategic Air Command, Air Mail Warning Service, etc., is making on build confidence in the mere fact that a successful sneak attack is remote.

—M.L.—
Frankly, wearing the daylight out of us will not dispel the general apathy that exists when we are faced with a hopeless situation.

—M.L.—
However, given a little warning, the hopeless situation becomes not as hopeless. A workable plan then becomes possible. So look up, me Laddie, but so help us if we see you on the Campus Road ahead of us on E day that 1955 Gray, we'll shoot you down like a dog!

TO STUDY COUNTY MAKEUP

The Football Day and Evening Units of the League of Women Voters will hold their regular meetings on Monday, November 14. The Day Unit will meet at 12:30 p.m. at the home of Mrs. Ambrose Nichols, 3058 Campanile Dr.; the Evening Unit will hold its meeting at 8 p.m. at the Fireplace Room of the La Mesa Junior High School.

Mrs. Jack Chambers and Mrs. Robert Richardson will serve as discussion leader and resource person respectively at the day meeting, while Mrs. Sumner Albert and Mrs. Theodore Nicholson will fill those roles at the evening meeting. Both units are continuing at these meetings their study of the administration and organization of San Diego County.

HERE IS GRAPHIC STORY OF \$5 MILLION WATER BOND ISSUE

THE WATER SUPPLY system proposed for the Lemon Grove Water District is shown as it will be if voters of the District approve a \$5,250,000 bond issue at a special election on January 24. The existing supply line, bringing 22,000,000 gallons per day from the San Diego Aqueduct north of Lakeside, and the El Capitan and Cuyamaca reservoirs east of Lakeside, are shown in solid black. The proposed second supply line, would bring additional supplies from the Aqueduct and more than double the capacity of the system. The program includes enlargement of storage capacity of Grossmont Reservoir, building new storage tanks at Helix and in the heart of Lemon Grove, plus pumping and chlorinating plants to serve the new lines.

Here's What the Issues are on Water Works Bond Election

A bond issue for \$5,250,000 will be placed before voters of the Irrigation District Tuesday, January 24, and if it is successful it will buy considerable improved service for district water users, spokesmen for the district say.

Largest single item will be a million and a half dollar transmission main between Lakeside central station to the Grossmont Reservoir. This seven mile, 48 inch main will angle out to wrap around Bostonia and El Cajon and will, presumably, feed water to the arid lands between El Cajon, Bostonia, and Santee. It will, naturally, pour millions of gallons of water a day into Grossmont Reservoir for use in La Mesa, Spring Valley and Lemon Grove.

From Grossmont, a \$375,000 project will pipe water through a mile of 51 inch lines, and two miles of 48 inch lines. Toward Lemon Grove a \$300,000 expenditure is slated to extend supply lines with a half mile of 33 inch pipe; a mile of 27 inch pipe; a half mile of 18 inch pipe and a half mile of 16 inch pipe.

The total of the above items is \$2,457,100 or about half of the cost of the project. A 27 inch feeder line, almost six miles long, will be installed from the water authority's aqueduct just west of San Vicente. It will parallel the line now existing but the new line is required, district officials say, because they share use of the existing line with the South Bay Water Works and no additional capacity is available. Cost of this project is \$568,300, bringing the total to \$3,025,400 at this point.

A cross connection, 700 feet long on the La Mesa line will cost \$17,200; new connection lines to Helix Lake and Grossmont tank will cost \$108,300; a half mile line from El Monte pumping station to Lakeside will cost \$67,900; enlargement of Grossmont Reservoir to 41 million gallons will cost \$411,100; a four million gallon tank on Mt. Helix will cost \$155,000.

Chlorination plants at Lakeside and Grossmont will cost \$163,000; pumping plants at Helix and El Monte will be \$107,500. The total on these projects will be \$4,249,400. A million dollars is added for engineering and unforeseen contingencies. The rest of the \$5,250,000 will be used to pay interest on the bonds until the taxpayer meets his first installment.

James Squire, assessor and collector for the district, said that it appeared the tax rate would have to be raised at least a dollar per \$100 of assessed valuation. Present rate is \$1.36. Last year it was \$1.10. A board of directors acquired financial expert claims the bonds can be retired at the presently existing water and tax rates. Greater use of water and higher land values will cover the cost, they say.

The district's bonded indebted-

ness at present is about 1 and 1/2 million dollars. The last bond issue was voted in 1938.

Leaders are needed in Lemon Grove to spearhead the bond issue, water officials stated. Volunteers may apply at this news-paper office, or to Carlyle Reed at HI 4-2474.

Business Women To Decorate Plaza Again

Mrs. Arthur Chappelle, general chairman of the Christmas Committee of the Business Women's League of Lemon Grove, will institute plans at once for decorating the Plaza during the holiday season.

The league, which met at a regular dinner meeting Thursday at Michael's, inaugurated for the first time last year the display of the Nativity Scene on the Plaza, for the Christmas season.

Mrs. Ellison McGuire and Mrs. Paul Louer are assisting Mrs. Chappelle in Plaza decoration plans which will also include a large snowman and a beautifully lighted Christmas tree.

During the business session Mrs. Alfred Huebich, chairman of the Christmas project, the money doll and Mrs. James Oyler, ticket chairman, gave detailed reports on the ticket sales, and general luncheon meeting of the league.

Mrs. Alfred Rive, league Red Cross chairman at the Naval Hospital, requested donations of prizes, games and gift wrap material for ward parties.

Mrs. Calvin Nicholl, president of the league, has appointed the following membership committee for 1955-56: Mrs. C. Forrest Baxter, Mrs. Bruno Leonisio and Mrs. Luther Husey.

The next regular luncheon meeting of the league will be held Thursday, November 17.

Education Week Announced By Schools

High schools of the Grossmont High School District will observe American Education Week this week with special programs planned for all parents of high school students. Emphasizing the theme of the week which calls for "a pledge of citizen interest in better education," the meetings will feature a trip by the parents through a day's classes, with explanations by teachers of the educational program.

Piece-Meal Annexation Annoys Men's Club Members

Mounting concern over losing area surrounding Lemon Grove by annexation to San Diego and La Mesa was exhibited Friday at the Lemon Grove Men's Club.

Revived interest in incorporation and a determination to continue having meetings on community affairs was the direct result.

Anxiety stemmed from the proposal of Walter Bollenbacher, well-known subdivision developer, to annex to San Diego his Sweetwater Avenue acreage, the future site of 1,500 homes, in order to get water. An unusually large turnout of the club's membership and considerable speech-making resulted.

Lewis Smith, superintendent of Grossmont High School District, of which both Lemon Grove and Spring Valley are a part, told the club that should the annexation spread north of Jamaica Road at Sweetwater, he would ask the trustees of his district to re-evaluate the worth of the presently owned high school site located about 1/2 mile north of the boundaries that would exist under Bollenbacher's annexation proposal.

After the meeting Smith said that it might be wise for the board of the high school district and the elementary school district to see whether it would be advantageous to build the high school on the property recently acquired near Palm and Washington on which the Lemon Grove Junior High School is scheduled to go.

Sam Harris, a real estate developer who plans to build about 600 homes in Lemon Grove, will attend the Men's Club meeting Friday.

His development is such that it may annex to San Diego. He said he would reveal the location later this week.

Bert Betts, chairman of the Lemon Grove trustees, said that should the local board consider such a change he would recommend to his board that first an equally suitable site be first acquired for a changeover. Byron Setzler later in the week, said that he had indulged in some exploratory conversation with Smith prior to the high school bond election, but nothing definite came from the talk. It should be pointed out that smaller acreage is required for an elementary school as opposed to a high school. Agricultural lands lying between the two sites in question have been discussed as possible school sites. Because there are improved they could be acquired at a reasonable cost, probably through condemnation.

At the Friday meeting Gilbert Ray, Spring Valley real estate man and area leader who recently led a successful campaign to provide sewers for the valley, told the group Lemon Grove people should bury any differences existing among them, then work together with Spring Valley folk to not only defend their boundaries but to additionally assure orderly development of the entire area by getting behind the up-coming \$5 million water bond issue.

A letter was read from Carlyle Reed, public relations representative for the water district, in which he showed why, by a quirk in the law, Colorado River water could not be served the Bollenbacher project via the local irrigation district. Frenchy Faucher, L. G. postmaster, requested that Bollenbacher be invited back for further discussion. Ray Purtee, local businessman, said he would ask Byron Miller, water works business manager, to come to the next meeting. Dr. Gilbert Chassey said that a solution to many of Lemon Grove's problems was incorporation and he proposed that that issue be offered for vote again.

Bert Betts, chairman of the club, said that discussion on all the above matters would be carried into this week's meeting.

LETTERS TO THE EDITOR

Dear Editor:

I would like to thank you in behalf of my students, other adult teachers and myself for the very wonderful cooperation and publicity you gave the new adult education classes that were started the beginning of the school year.

We would like to invite you down to VFW Hall to see the wonderful interests and worthwhile accomplishments that people of Lemon Grove are doing and only because they READ your paper.

Thank you.
Sincerely yours
Mrs. Milly Dille
Art Instructor

Dear Editor:

I was disappointed in your editorial Friday. Have you read the enclosed articles from the Independent? If people want the "prostitutes" taken off relief, first they must prove the case, then go past the welfare department and take legal steps. My whole argument is that the attack on the department is not getting at the situation and I still suggest that you get the facts from Vi McKern. May I please have these clippings back?

Sincerely
Gerry Kohler
7856 Circle Dr.

Dear Gerry:

I get disappointed too when bleeding hearts rise to defend any criticism of any public agency.

I am certain that you would not attempt to compare me to the welfare department is perfect.

The Editor

Dear Editor:

In past years you trained me to turn stories in a week in advance for Grossmont Community Center coming on Thursdays. This year I thought I was being very efficient by doing this very thing early, but it didn't work. Only one paper "caught on" and ran the story last week. I assume that the other papers are waiting with their stories for the following week.

What I'm worried about now is did you receive the story at all? In the same envelope I enclosed season tickets for you and Mrs. Goodwin. If you didn't receive all these treasures last Monday, please let me know.

This first concert is very important to us. In the first place it begins our tenth season, and we are the oldest concert group of its kind in the immediate area. Secondly, everyone is wondering how we were able to get hold of such an outstanding group as these French male singers. They are world-famous, highly versatile and terrific hits on TV, according to Ed Sullivan. So we are hoping for a story next Thursday. In case last week's copy has gone astray, I am sending a dim copy plus some more.

Thanks
Mrs. Eugene Lyle
Third Vice President
Publicity Chairman
Grossmont Community Center Association

Dear Mrs. Lyle:

Good grief, madam! The story appeared on page one of last week's paper. Next you'll be expecting Pinza to set the type and Stokowski to deliver the papers.

The Editor

Dear Editor:

The most unpredictable cost of illness from time immemorial has been the hospital bill. Medical charges by contrast have adopted a regular pattern which everyone recognizes. Most doctors have a regular established charge for office calls, night emergencies, etc. The surgeon may discuss his fee with the patient prior to surgery. He knows what the anesthetist will charge, but usually he has only the foggiest notion as to the amount of the hospital bill.

This uncertainty is not good. Neither is there any adequate explanation for the existing method of pricing hospital services. The usual story is that hospital charges are variable because costs are variable. This is a line of reasoning, but disproved by industry years ago. It is a tremendous indictment to the hospital today that so many people annually enter a hospital without any idea what the final bill will be. The same individual wouldn't dream of buying a car without knowing exactly what it was costing beforehand.

There have been many attempts over the years in hospitals to scrap tradition and adopt the so-called "flat rate." These have inevitably ended in failure. The plans failed to take into account that patient "X" with little or no medication was carrying the freight for patient "Y" who was getting oxygen, expensive drugs.

The Dimmer View

By MAX GOODWIN

Last week was a week of small crises!

I don't mean to infer that each crisis wasn't important at the time, but as I look back now I see each only as a shading of a vividly colored backdrop against which most of our community's processes occur.

There was, for instance, the dinner with the water works spokesman. We were meeting to talk about the January bond election. About dessert time (he paid for the dinner) he announced that the policy of the water district in the future would be that board members must defend themselves if they become involved in reprehensible acts. He inferred that when such activities become public in the future, board members would have to run the gamut of public opinion without the help and sympathy of the rest of the board.

Now that's exactly what I've been saying all the time. Protection by the board of any one makes the whole board suspect. In the matter of the bond issue, Lord knows we need better and more water and I favor the bonds. An alternative would be to pay for the improvements via higher rates. That would make the water users pay for improvements rather than land owners and developers, the latter of whom would profit financially from the improvements and expansion.

Then there was an odd one that came in by phone. A woman claimed that the owner of a boat who lived in Vista La Mesa had stored the boat temporarily in Lemon Grove. VLM is outside our fire and sanitation district but when this woman got her personal property tax bill she found she was being charged the taxes for these two districts.

That had me stumped for a minute. I finally told the lady that as long as her boat was floating in the dry Bay of Lemon Grove she would have to pay the taxes of that community, same thing would happen if she stored furniture here but lived in Borrego, for example.

During the week a real estate man charged into my office waving his arms toward Murray Hill, just north of us. The land is annexing to La Mesa, he yelled, and they are going to build hundreds of homes up there. They are going to drop their sewer lines into the Lemon Grove Sanitation District system, he claimed. He was agitated because there would be a \$25 sewer fee for these homes while in Lemon Grove the residential fee is \$50.

We got over the hump in this crisis by explaining that no rate, as far as we knew, had been established for the Murray Hill project. It is true that they are annexing to La Mesa and they probably will drop their sewer lines into the Lemon Grove system. But if these outsiders think they are going to use our sewer lines, bring them to overlook station all the sooner, then pay a smaller fee than we, you can bet your bottom dollar they going to scandalize it via headlines.

Another crisis brewed when full realization came to some of our residents regarding possible annexation to San Diego city of the northern part of Sweetwater Road. Already, Grossmont High School District is considering changing the location of the proposed new high school. That may (though not necessarily) indicate a switch in location, since wherever in the paper of the Lemon Grove Junior High School plans, which in turn, might affect the plans of the L. G. Swimming Pool Association. Facilities, such as lockers, of the junior school were to have been used in connection with operation of the pool.

Dr. Chassey pulled me out of this one. When he left my office late last week following a pitch he made for incorporation earlier in the day at the Men's Club, he was in search of copies of an old petition by which Lemon Grove attempted to incorporate last January. Incorporation, of course, would prevent nibbling away at our boundaries such as the Murray Hill area, the high school area along Sweetwater, the home property west of our town, and the several exiguous pieces between here and Encinitas. It was interesting to see some of the former dissidents of incorporation who called former proponents of incorporation "liars" nodding in agreement with Dr. Chassey Friday.

Leaders of three scout troops brought my newspapering life in a crisis last week by giving me a strong solution of indignation. They got me to realize, finally, there is a difference in scout troops although their numerical designation might be different. They accused me, and rightly too, of tossing away scout news of some mighty fine troops. That's what I had been doing as I had to explain my way out of that.

I showed the complainants that as I begin to grind out material for our newspapers every week I first toss away all duplicates (Continued on Page 7)

Janice is One Point from a Princess ... But is Named Mother Goose Parade Maid of Honor

L. G. Camera Foto

Janice Jowett, 7545 Hughes Street, Lemon Grove, bounces her mother, Mrs. Kenneth Allison as news comes that Janice had been voted maid of honor for the El Cajon Mother Goose Parade. Gov. Knight will be parade marshal.

Only one point separated a lovely Lemon Grove girl and a beautiful La Mesa contestant for the right to wear the crown of princess in the annual Mother Goose Parade in El Cajon Sunday, November 20. Janice Jowett, 17, a Helix High School student, was named maid of honor after judges spent considerable time trying to decide between Janice and Connie Martorakos of La Mesa. The judges finally gave the nod to Connie because of a "trifle more maturity." Janice was the only Lemon Grove girl to enter the competition and the fact the project was not local contributed to the hardship of collecting money, one of the requirements in the competition.

"I'm thrilled to have been singled out to have such an important part in this year's parade," Janice said. "I think the judges chose the prettiest girl in picking Connie."

"I was able to compete only because of the generosity of my friends and neighbors," Janice added. "Mr. George (Walker) Scott department store president) Scott's interest in Lemon Grove and in seeing a Lemon Grove girl have a chance to compete is largely responsible for my being able to get in the finale."

"I would like to thank such other generous people and firms as the Lemon Grove Lions Club who fined members \$31 and gave the money to me; the Kiwanis Club for \$20; Howard Stiner, \$10; Pernicano's, \$15; Neils Anderson, \$10; Harrison O'Dell, \$10; Spin Inn Cafe, \$10; Pat's Cafe, \$10; Jim Gillespie of Richfield Oil, \$10; Miller Dairy, Jack Storey, Lemon Grove Hardware, Mayfair Markets, McMahon Furniture, Bill's Feed Store, Club Venezia and others who gave so generously."

"I would like for everyone in Lemon Grove to come to the parade on the 20th," Janice grinned.

PURLOS TO BE DELPHIAN SUBJECT

Alpha Beta Chi Chapter of the Delphian Society will discuss "The Purloin" with Mrs. L. B. Newton as leader at Hiltop Church, Lemon Grove, at 10 a.m. November 15. Members, Don Agna, Jack B. Dail, Thos. H. Badgett, E. J. Billman and E. A. Uhler will present topics.

The chapter will attend the autumn assembly of the Delphian Society at Lafayette Hotel, Manor Room, at noon the following day. Reservations are being made with Miss Bonnie Winkler.

Ground Broken for S. V. Swimming Pool

Ground was broken Monday at Sweetwater Avenue and Valencia Street for a new \$50,000 swimming club. The installation is being done by the Cadillac Construction Company of La Mesa. The company has just completed the new motor vehicle branch on University Avenue near Maple Avenue. The Spring Valley project, which

will be located on five acres of land purchased from the Riley Corporation of San Diego will have two swimming pools, one for adults and a wading pool. The pools will be heated and lighted.

There will be two buildings; a bath house 17x32 feet which will include dressing rooms, showers and lavatories, and a main building 35x50 feet which will have a fireplace, office, snack bar, dance floor, place for group activities, and a storeroom. The project is patterned after the famous Carrol Ranch Club of Lafayette, California.

Dues \$60

Regarding the operating system, the prospective member will be asked to buy a \$75.00 bond which is redeemable but not transferable. Time limit for the purchase of the bonds will be December. Club dues will be \$60.00 per year plus tax. Membership limit 200 families per pool. Plans are made for additional pools in the future.

A paid lifeguard will be on the premises. He will also act as instructor. The club will have membership committees, recreation and publicity committees. The club will operate eight months of the year. A metal fence will also be installed.

W. K. Sherman, owner of the Cadillac Construction Company, has been in business in La Mesa for the past years, coming from Oregon. He is president of the aforementioned Ranch Club.

John Carovano, who will be associated with the new Spring Valley project, is treasurer of the Ranch Club, and a resident of La Mesa. He is also secretary-treasurer of the Martinich Shipbuilding Company of San Diego. He has been with the firm 19 years.

President Bill Doughman of the Spring Valley Chamber of Commerce turned the first shovelful of dirt at the groundbreaking. The chamber of commerce served coffee and doughnuts.

First Meeting Friday For Forming Toastmasters Club

Mr. and Mrs. Robert Richardson will be hosts to a meeting in their home at 8102 Baldwin Road Friday night at 7:30 p.m. to form a Lemon Grove Toastmasters Club. As the result of a letter from Robert J. McPherson, deputy area governor, Toastmasters, in a recent issue of the Review, several men have phoned in to learn how to form such a club.

In addition to McPherson and Richardson, other Toastmasters who have indicated that they will be present will be Robert Snow and Orvin Berg, all of whom are members of the successful National City club which is sponsoring this club and which has nearly reached its quota of 30 members. All of the nearly 2,000 clubs in Toastmasters International are limited to 30 active members to permit each member more opportunities to speak.

Also expected to be present

will be another of Lemon Grove's own citizens, Richard G. Spry, governor of Area Eight which includes, besides National City, La Mesa, El Cajon and Chula Vista.

Only 20 members are needed to start a charter member in Lemon Grove.

LEVIS AND LACES HOLD PRE-THANKSGIVING PARTY

Levis and Laces Square Dance Club was host to a large crowd of dancers on Saturday night at their regular monthly party. Members of 30 different square dance clubs danced to the calling of Clarence Montgomery and his guest callers: Marion and Tom Ashton, Roy Close, Wally Riggs, Stan and Janis Bryan, also Billy Ott and Linda Bryan, and Levis and Laces own Johnny Fisher, Aldon Lindley and Bob Hartman.

The hall was decorated in the traditional Thanksgiving setting, with apple pie, coffee and ice cream being served by Bill and Thelma Carr and their committee at the close of the dance.

A box social for members only will be held on Wednesday night before the regular dance workshop. Proceeds from the social will help provide a well filled basket for a local needy family at Christmas time. A half hour of round dance instruction is now being held before each Wednesday night square dance class, and has proven to be of much interest to those attending.

Many members of Levis and Laces will be dancing at the various events of the fifth annual Fiesta de la Quadrille to be held in Balboa Park on November 11, 12 and 13.

GROVE GIRL IS IN THE ARMY NOW

Private Nunez

WAC Center, Fort McClellan, Ala. — Private Esperanza Nunez, daughter of Mr. and Mrs. Morris Nunez of 7884 Lester Avenue, has just completed basic training at the Women's Army Corps Center, Fort McClellan, Alabama.

Prior to entering the WAC, Private Nunez was employed as a cashier at the Astor Theater. She is a graduate of Snyder Continuation School, San Diego, and has been assigned to Fort Ord, Calif.

The WAC center, a new installation, officially opened in 1954, is the permanent home of the Women's Army Corps Center.

Each enlisted woman's barracks houses an entire company with the administrative offices on the first floor, plus a dayroom which serves as the living room for Army personnel. A lounge with a kitchenette, a laundry room, and a drying room are provided on each floor.

The center is the nucleus of the Women's Army Corps. Here all new members of the WAC are received, processed, classified and trained for Army life. The major training units are the basic course, which initiates the transition from civilian to military life; and the WAC School, which conducts all officer training programs and the clerical procedures course for enlisted women.

ROBERT RIDGEWAY, 35, DIES OF HEART ATTACK

Indianapolis Drivers To Race at Balboa Stadium Sunday

Twelve Indianapolis drivers will headline a field of 32 in the triple-A approved 100-lap national championship midget auto race at Balboa Stadium Sunday afternoon, according to J. C. Agajanian, auto racing promoter.

Racing includes a three-lap trophy dash for the four fastest qualifiers, three six-lap heats and a 15-lap semi-main besides the spectacular long grind. Qualifying is scheduled to start at 12:30 p.m. and racing at 2:30. Gates will open at noon.

Auto racing's who's who will be headed by 1950 Indianapolis Speedway victor Johnnie Parsons and Tony Bettenhausen, second place finisher at the famous brick track this year. Bettenhausen, who will be piloting Danny Quella's hot Offenhauser, has accumulated more points than any other driver since the end of World War II.

Agajanian said that the race list will not be confined to just Indianapolis drivers but also some of the nation's leading sprint car and midget drivers.

Other leading drivers include Jimmy Davies of Pacoima, Walt (Little Dynamo) Faulkner of Long Beach, Andy Linden of Manhattan Beach, Jimmy Reece of Oklahoma City, Johnny Boyd of Fresno, Ray Crawford of Pasadena, Johnny Tolson of Norwalk and Bill Horneier of Pacoima.

Three of these drivers finished sixth or better at Indianapolis this year. Davies placed third, Faulkner fifth and Linden sixth. Crawford won the Pan-American road race last year and Reece, who was rookie of the year in 1952, finished seventh in the 500-mile race.

Tickets for the 100-lapper will be on sale at Theatre's Music Store and Town and Country hotel.

Hill, vice president; Misses James Harter, second vice president; Eugene Lyle, third vice president; Robert H. Green, treasurer; Paul D. Engstrand Jr., dinner chairman; Hugh Olds, appointments chairman.

Other concerts on the Grossmont series will be: Dutch pianist Daniel Wayenburg, March 1; Koor Players consisting of violin, cello, piano and French horn, March 14; Lola Montes Spanish dancers, April 5.

Dear Mr. Fixit

Dear Mr. Fixit:

In an article in the Review it was stated that if you could relieve the pressure of my arteries you would help me do so. This complaint that I will explain to you, to relieve the pressure on said arteries would be putting it mildly.

I have lived in this house for the past eight years and I have made numerous complaints to the water department about the noise in my home, caused when the next door neighbor turns on their water. The noise is a constant roar. This roar is simply unbearable, when they have their lawn sprinkler on early in the morning till late at night. I'm about ready to tear my hair out!

The water department has sent out men who have listened and say it's terrible but nothing is done. Some of the water men say they don't know the trouble. Well, sir, I am no water authority but I can and have told them that it is the vibration of the

other meter, which is too close to mine. In other words, the water department is doing nothing but giving me the run around.

If you can come to my rescue it will be so gracious that it couldn't be put into words.

Yours truly,
Darrell Zaworski,
3288 Acacia St.
Lemon Grove

Dear Mr. Zaworski:

I took your letter to the water district office on October 24 and was referred to Bob Friedgen, one of the engineers. His chief was in a meeting, so he took notes and said he would have your complaint investigated and would let me know the result.

This morning, November 1, Mr. Friedgen phoned me regarding your complaint. He said their men had found your service and another connected on the same one inch line, with two meters on it. They had installed a one inch copper service, cut the private line, installed two new meters and a Dresser coupling and the trouble had been stopped, and that complainant had listened

and was satisfied that the trouble had been remedied.

Yours truly,
William Fish

Irrigation District Directors Discuss Various Matters

Four members of the board of directors, Russell, absent, and Manager Shelton, besides attorney Jennings and members of the staff who regularly attend meetings, were present Tuesday when President Rush, Levy, just returned from a deer hunt in Utah, tapped his gavel. Mr. Shelton, fresh from his vacation spent in New York City, handled the items on the agenda, of which there were 17, when asked about them. (Sure, Rush got his deer, as did three other members of his party. He said something about getting five before nine o'clock one morning, but we didn't get particulars. Utah used to allow men to have more than one wife and keep out of jail, but that little bit of domesticity is no longer in effect, though they may allow more than one deer to a customer.)

T. J. Molinari, 7256 Mt. Vernon, Lemon Grove, requested a 1/2 inch meter to supply his lawn sprinkler system. That's the first meter of Lemon Grove we have noted since the customers in El Cajon started the requests. "Ask and ye shall receive."

Walter R. Shimp, Arh. 58, Lot 10, Sub No. 3, Lot 10, Rho Extension, 2 acres—served irrigation, also put in for a 1/2 inch meter. Shimp is a Lemon Grove customer, also.

Lawnmower hon on the horizon. Related to contracts completed by Van Valkenburgh, where the contractor got in bills for extra work, Attorney Jennings explained at length the various parts of the contracts undertaken and finished, the charges for extra being denied. Jennings recommended that some of the charges be denied, thought the matters would have to go to court. Recommended the payment of 17 other contracts with the same firm be allowed.

A Helix alumni band was formed consisting of Mike "Hawkeye Hart" Spinazzola, homemade bass; Jim "Wubbly-Legs" Welbaum; Elbridge, steel guitar; Buddy "Giggles Grant" Davis, ukulele; Bob "Jingles Julian" Turnbull, bongos drums (converted trash cans); and Bob "Crazy Man Cross" West, electric ukulele. They played their version of Rudzinski's "Unfinished Touchdown" originally written by "Liberate Lewis" and Red Skelton and "Warsaw Concerto No. 4 in D flat major" originally recorded by Stan Freberg, backed by the bagpipe band of Milton Berle. Both tunes are the lead melodies in the MGM movie starring Marlon Brando as "Peter Pan." (In reality the tunes were "In the Mood" and "Hawaiian War Chant" while the middle names were take-offs on members of the faculty.) Everyone had fun!

Ground Broken for New Methodist Church

Groundbreaking ceremonies for the new Lemon Grove Methodist Church were held Sunday, October 31. Over 100 persons participated. Those attending were invited to bring shovels. An outline of the building was made in chalk on the ground and everyone arranged themselves around the edge. At the appointed moment, the children, youth and adults broke ground for the new church together.

Those shown in the above picture are left to right: Ralph Yokley, chairman of the building committee; Reverend Don Cooke, pastor of the church; Glen Reynolds representing the board of trustees; and Frank Miller, president of the Methodist Men's Club. In attendance for the ceremonies were also Victor L. Wolff and family, the architect, and Rex E. Foster and family, the contractor.

Construction on the first unit is beginning immediately and this unit will be completed by March 1, 1956. The first unit will provide the church with a fellowship hall designed for worship at this time, three classrooms, a kitchen and rest room, a bathroom, a patio and a covered parking area. In connection with this first unit, the young people of the Methodist Youth Fellowship recently voted to raise the funds with which to build an outdoor fireplace and barbecue for this patio.

Additional units will be built later until the church is completed with an educational wing of classrooms for every age level, an administration building, the sanctuary and chapel. Total cost is estimated to be \$250,000.

The Lemon Grove Methodist Church was organized in November of 1953 under the leadership of Reverend C. A. Norcross. At that time, the Seventh Day Adventist Church was secured for holding Sunday School and Church. In June of 1953, Reverend Donald B. Cooke was assigned to the church. By that time membership of the church had grown to 45 with a Sunday School attendance of approximately 60. The church had secured four and one-half acres of ground between North Avenue and White Drive just west of Massachusetts on which to build. But the state desired over half of this for the new Lemon Grove freeway and it became necessary to relocate the church. This was done with the present site at Golden Avenue and Washington Street being selected.

In September of 1954, the temporary meeting place was moved from the Adventist Church to the Woman's Clubhouse with the sale of that church to the First Baptist Church. Services will be conducted there until the new building is completed.

PREACHER ROCHELLE ASKS WHY PEOPLE ARE NOT BEING SAVED

"Why People Are Not Being Saved" is the topic that Pastor Bob G. Rochelle of First Baptist Church, Main and Burnett Street, Lemon Grove, will preach on Sunday morning at 11 o'clock.

The eyes of First Baptist will be focused upon the boys of the Royal Ambassador Organization this week. These boys are sponsored by the Men's Brotherhood of the church and the ladies of the Woman's Missionary Union.

One of the highlights of the week will take place Tuesday evening at 8:30 when the Royal Ambassadors, the girls' auxiliary and the Ladies of the Missionary Society meet for a "make believe" tour to the Moslem world for their Foreign Mission study course, in preparation for Week of Prayer for Foreign Missions. The menu will include many of the types of food that are eaten in the Near East Arab countries.

'MORTALS AND IMMORTALS' CHRISTIAN SCIENCE TEXT

That all may find their heritage as children of God is emphasized in the Lesson-Sermon on "Mortals and Immortals" given in the Christian Science churches Sunday. The Golden Text is from Romans (8:9), "Ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you."

Paul says in his epistle to the Galatians, after explaining the difference between a servant and a son, "Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (4:7).

NEW DENS ADDED BY PACK 308

Cub Pack 308 report that they have added three new dens to their pack. Den 10 has Mrs. Connie Barton as den mother, Den 11 with Mrs. Black den mother, and Den 12 with Mrs. Mildred Garcia as den mother.

Den 4 has been reactivated with its new den mother Mrs. Florence Gatch. This den is currently leading in the bottle drive. Due to the great interest in our boys in their Cub Scout work, attendance has been increasing at our monthly meetings until all the dens have full membership.

The next meeting will be held Friday, November 18 at 7:30 p.m. in the Lemon Grove Junior High School. Theme for the evening will be "America the Beautiful."

Cal Western President To Speak at Woman's Club

The Lemon Grove Woman's Club will present Dr. William C. Rust, president of California Western University, at their meeting this Friday at 1:30 p.m. His topic will be "By the Dawn's Early Light."

Mrs. Norman Spain will be chairman of the food sale. Hostesses for the afternoon are Meses. Walter Shimp, Paul Schips, Elizabeth McFeeley, and Miss Ruth Bill.

Highlanders Smash El Cajon Braves

Helix spirited victory 11, usually a slow starter, unleashed a furious first-half assault on under-manned El Cajon High School, then let their reserves knock heads in the second half. When the final gun echoed in the Helix Stadium last Friday night the scoreboard showed the Highlanders well out in front, 35-13.

One of the leading factors in the Helix win was the fact that it was their annual Homecoming game and the fellows were out to show the alumni their power, and a good job was done, too.

It would have been a slaughter, but Coach Tom Welbaum, thinking of the future, let his second and third stringers play the entire second half so they could get valuable experience. The only sore spot in the tilt was Gail "Buttery-Fingers" Barsotti, usually a nimble pass receiver, let several key passes slip in-and-out of his grasping hands. But it was just one of those nights for Gail. He'll probably tally 18 points next game. Let's hope so, anyway!

Dave Olson, current Metro League scorer with 24 points, tallied two TD's for Helix. His first one was a 30 yard burst through tackle and a brilliant 75 yard punt return. "Rudy" Rudzinski sped 65 yards on a scoring jaunt. Dick Cunningham (end) snagged a Bob Schultz aerial for another score and reserve Ron Palermo scooted 75 yards for still another six pointer. Gary Dunn kicked five extra points.

Thursday, November 10, Helix and Crossmont's annual "musket

battle" will take place at Helix High. Let's all support the fighting Highlanders who have lost only one game all season—Bob Turnbull.

YOUNG FASHIONS TO BE SHOWN BY HELIX BAND MEMBERS

"Holiday Prelude" is the theme of the Fall Fashion Show sponsored by the Helix Band and Orchestra Parents Club Thursday, November 17 at 8 p.m. in the Green Room of Helix High.

Fashions for men are by Highlander's of Lemon Grove and fashions for women are by an El Cajon shop. Mrs. D. M. Hill is president of the club and Mrs. Jack Wilson is general chairman of the show.

There will be several prizes given and the grand prize will be a General Electric clock radio.

Research Helping to Build Domestic Game Bird Industry

Mason Says

The American delight in serving special meals for special occasions has inspired the dramatic growth of the domestic game bird industry during the past few years, according to Channing P. Mason, local bird authority.

The businessman who wants to treat an associate to a home dinner that is a little out of the ordinary; the housewife who has special out of town guests; these are the kinds of occasions where people are turning to the newest meat of the American table.

BIRD POPULATION DOWN

Pheasant population is down, particularly in Southern California, the Department of Fish and Game reported this week.

Open season of ring-necked pheasant is longer and covers three weeks from November 18 for 14 days. The bag limit, however, is the same. Ten birds may be included in the seasonal bag. Daily bag remains at two birds.

Shooting hours are a half hour before sunrise until a half hour after sunset. Each bird must be tagged and the tag signed by the hunter and the date of kill punched thereon.

—The meat of domestically grown pheasant, quail, and chukars, according to Mason.

Ten years ago, the domestic game bird industry was in its infancy. It grew steadily during the next decade, but in the past two years the industry has probably more than doubled in size, he pointed out.

The growth was necessary to satisfy the demand of people who want a delicacy that is not expensive, but that costs just enough more than ordinary meats, and is tasty enough and enough different from ordinary meats, to impress guests they have had a real treat, Mason said.

Taking these game birds, which are among the wildest of all fowl, out of their natural habitats and confining them under domestic conditions has presented problems of nutrition and management that only the painstaking research of scientists could overcome.

In 1942, Mason said, the Ralston Purina Company first produced a formula for game birds, but company research people had studied game bird feeding and management a number of years prior to that.

Most of the research problems that came in introducing pheasants to the relative luxury of domestic feeding and confinement, came in the attempt to undo some of Nature's merciful work.

From the beginning of their species, pheasants had lived in the wild, eating grains and seeds that could be scratched out of woods and fields. Nature, and hundreds of years of moister diet, had geared their digestive systems to limited feed intake and slow body weight gain.

When the birds were suddenly taken out of the wilds and raised in domestic confinement, at least two serious problems appeared to come with the change. One was cannibalism or feather picking. The other was an abnormality of the legs that sometimes developed in the new manner of living, Mason said.

Another problem of Nature that nutrition researchers had to deal with was palatability. Having fed on grains and seeds for hundreds of generations, pheasants had their own notions on what they wanted to eat. They were reluctant to gobble up a mouth. They preferred a diet similar to that of their ancestors. Sufficient feed intake was a problem.

While the wild bird eats only what is available or what it likes, the domestic bird gets, in every beakful of feed, the right balance of proteins, fats, carbohydrates, vitamins and minerals for best growth. That is why a fully finished domestic pheasant is now ready for the oven in 14 weeks.

Through research, Mason said, game birds are finding their way with ever-increasing frequency onto the American dinner table. Many people think the meat of the wild bird will not compare to the tender, tasty meat of the domestic bird.

When the birds were suddenly taken out of the wilds and raised in domestic confinement, at least two serious problems appeared to come with the change. One was cannibalism or feather picking. The other was an abnormality of the legs that sometimes developed in the new manner of living, Mason said.

AAUW RUMMAGE SALE TO OFFER UNUSUAL ITEMS

An end table with built-in record player, a Japanese parrot, and bedding from a mountain cabin are among the items to be sold at the AAUW's Rummage Sale Tuesday in American Legion Hall, 27th and B Streets. The sale, to be held from 9 a.m. to 4 p.m., will feature conventional articles as well as the bizarre. A garden booth, records, a white elephant table, and several new items will be featured, said Mrs. Charles M. Snell, chairman of the event.

The Rummage Sale is the fall fund raising project for the local American Association of University Women. Proceeds will go to the organization's annual international fellowship and local scholarship obligations, and to a special fellowship honoring the tenth birthday of the United Nations.

Mrs. Philip Rand is chairman of workers, Mrs. C. A. Muehlberg is chairman of cashiers. A special pre-sale, and a bake sale, will be held Monday from 2-5 p.m. for AAUW members only. The bake sale will be conducted by the group's Gourmet Section.

CLASSROOM TEACHERS PUT ON JUNIOR HIGH PTA PROGRAM

Parents and Teachers Together was the theme for Tuesday's meeting of the Lemon Grove Junior High PTA. An opportunity for the parents to meet with the teachers in their classrooms was enjoyed by all the parents who followed their children's schedule and visited the various rooms. Hostesses for the refreshments served in the cafeteria were Mrs. Vernon Hoffman, Wilfred Goodrich, and Charles Huber, from grades 8-3 and 8-5. Members of the Teen Club acted as ushers for the entire evening.

Plans for the evening were mapped at an executive board meeting last Wednesday, November 2 at the home of Mrs. Richard Wells, with Mrs. Carl Planchon co-hostess.

Mrs. E. F. Brady, president of the Lemon Grove Junior High PTA, announced that the booths operated at the Halloween carnival in each of the elementary schools were a great success. These booths from the junior high were a way of expanding the PTA treasury, as planned by the ways and means committee.

If you will leave your worries behind and go fishing, many of them will die of neglect.
